THE PCUSA/IENPG GUATEMALA MISSION NETWORK

The Guatemala Mission Network was established among the PCUSA congregations, Presbyteries, Synods and agencies involved in partnerships and connections with the Presbyterian Church in Guatemala.

Approximately every other year we gather together, alternating meeting sites between the US and Guatemala to enrich our mission experiences and potential through sharing, networking and learning together.

Potential topics for discussion and learning at this year’s meeting include:

- Update on the current political, economic and social situation in Guatemala
- Update on the IENPG
- Update on PCUSA and World Mission
- Update on PCUSA/IENPG relations, including Mission personnel in Guatemala
- Understanding our shared mission
- Networking – What does it mean to be a network? How can we improve information sharing amongst us? And how will it benefit our partnerships?

Come and be part of this exciting moment in discovering our gifts together with our brothers and sisters in Guatemala
